

THE 60-MINUTE PROTOCOL

MEDSPA COMPLETE SYSTEM

- **AUTOMATE COMPLEX TIERED COMMISSIONS.**
- **NEVER LOSE A DOLLAR OF MEMBERSHIP REVENUE.**
- **CLOSE \$4,000+ PACKAGES WITH DIGITAL INVOICES.**

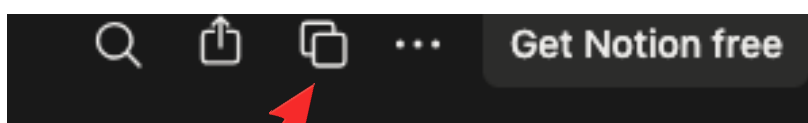

DOING HR MATH ON A SUNDAY NIGHT IS NOT A BUSINESS STRATEGY.

If you are still calculating complex, multi-tiered injector commissions by hand on a calculator, you are actively stealing time from your own life. If you have zero visibility into how many "banked" Botox units your VIP members have left to claim, you are managing chaos, not a 7-figure enterprise.

You didn't invest in a luxury medical aesthetics practice to act as a full-time payroll clerk.

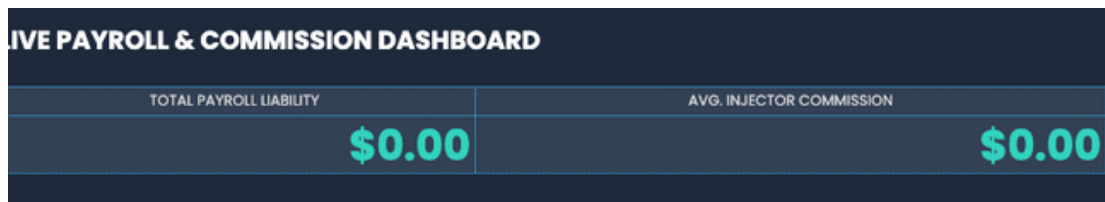

Top-tier MedSpas operate on automated HR and VIP infrastructure. You have just acquired the exact system designed to instantly automate your payroll math and track every dollar of recurring revenue in under 60 minutes.

COMPONENT 1: THE TIERED PAYROLL ENGINE

Stop touching a calculator. Our pre-programmed HR matrix splits the money exactly how your staff contracts dictate.

- **Input the Production:** Enter your injector's total service and retail revenue for the pay period.
- **Let the Matrix Calculate:** The engine instantly divides the revenue into your specific tiers (e.g., 10% on the first \$10k, 15% on the rest) and generates the final paycheck amount.
- **Review the Liability:** Look at your top-level dashboard widgets to instantly see your total payroll costs before cutting checks.

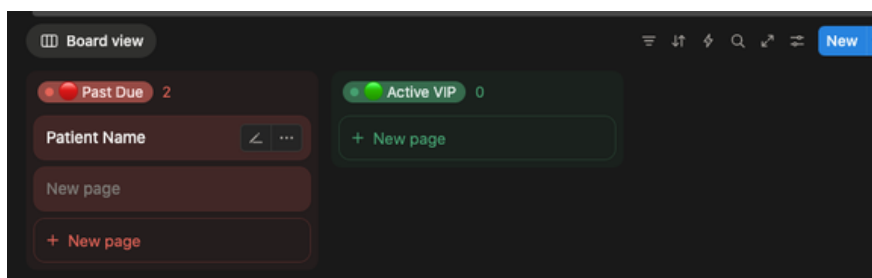

TOTAL PAYROLL LIABILITY	AVG. INJECTOR COMMISSION
\$0.00	\$0.00

COMPONENT 2: THE VIP MEMBERSHIP CRM

Never lose track of prepaying patients or unredeemed medical units. Select their membership tier and actively adjust their banked toxin units as they come in for treatments. The system automatically sums up your Monthly Recurring Revenue (MRR) for all active accounts.

MONTHLY RECURRING REVENUE (MRR)	TOTAL ACTIVE MEMBERS
\$199.00	1

COMPONENT 3: THE HIGH-TICKET QUOTE BUILDER

Close \$4,000+ treatment plans by handing patients a sleek, professional digital invoice instead of a messy sticky note. Enter the treatments, apply a package discount to incentivize a same-day close, and export it instantly as a luxury PDF.
